The newsletter committee solicits contributions from you, the members of C.B.Y.C. This year the newsletter is being mailed to everyone. If you have been holding back, because you would hate to see your literary expertise, pile up with the outdated sailing magazines in a corner of the club house - fear not!

Our facilities are limited at the present time, which limits interaction among the membership. However it is the intent of the newsletter committee, to maintain a forum for communication for club members, and to encourage as many as possible to contribute. What do we need? If it is interesting to you it will probably be interesting to the other members.

For example: How about the year the pre launch party at the clubhouse took place before the portable toilet was installed.

We welcome constructive criticism and suggestions and make a special "pitch" to those members who live outside the Kingston area.

Rick Kennedy

From The Commodore

Welcome to the 1983 boating season! We are all looking forward to an active and interesting summer. A special welcome to the many new members who have joined CBYC this year and thanks to those members who have renewed their memberships so promptly. A 1983 roster will be printed early in June to help us all match faces to names as well as to boats.

We have a full executive of 12 this year thanks to Bob's diligent pursuit to fill each of the positions. It is encouraging to have an increasing number of people each year who are willing to give of their time and energy for CBYC. Committees have been struck for our major endeavours this season and of course we are always looking for extra willing hands to help out.

We hope you will join in the many summer cruising, racing, and social events. Please come up and introduce yourself when you see me on the docks.

See you on the 23rd.

BURGEES

We hope to have new burgees on sale at the April 23rd Social. These burgees will be slightly bigger than the old ones and will be made of different coloured cloth sewn together.

Bob Wright.

ATTENTION ALL POWER BOATERS

The 1983 Boating Season will soon be here and we are looking forward to a great season.

Power Boaters who would like to join in the fun acting as committee boats for Thursday night races or other special races contact myself Bonnie Wright at 389-3060.

We hope to have special events this year for power boaters and I hope more power boaters will join in the fun.

Bonnie Wright
Fleet Captain Power

RACING SCENE

Each year, racing is a regular Thursday evening activity at C.B.Y.C. Last year, with the excellent Trophies to be won, the competition was fierce - but friendly. In the traditional spirit of C.B.Y.C., which guarantees fair play for all, protests must be typed, double spaced, and presented to the race committee, along with a certified cheque for \$500, immediately following the race! Gord Unsworth (Fleet Captain Sail) did a super job last year and we are fortunate to have him at the helm on the course again this year.

For the skippers who swore they would never risk life, limb or gelcoat - reconsider. Come out to join the fun. Come to sharpen your skills. Come to enjoy a club with a difference.

With Spring here and launch day fast approaching most boaters are beginning to think seriously about summer vacations and cruises to new ports and harbours.

This year's C.B.Y.C. cruising committee is formed and would welcome suggestions from club members regarding new cruise destinations.

Once we know the racing schedules at the area yacht clubs we can plan for cruises on the remaining available weekends. Possibly this year we can again combine one or two cruises with the Kingston Power Squadron as we have done in past years. It would also be nice to have a few power boats along this year.

By next news letter we should have a full schedule of available cruises.

Ron Mackenzie

APRIL SOCIAL EVENING

Our pre season social evening is coming up fast, April 23rd. Come out and meet your boating friends and find out what your yacht club has planned for the coming season.

Here is a rough outline of the evening events:

SOCIAL HOUR 1930

During the social hour there will be tables set up for memberships, new burgees, T-shirts and snacks.

INFORMATION HOUR 2030

The new executive for the 1983 sailing season will be introduced. After that the sub committee chairmen will inform us on their plans and duties. The sub committees are: race, cruise, newsletter, membership, hospitality and sales.

SLIDE - MOVIE - DANCE

There will be a slide presentation and a short movie in the back room. If you have interesting slides from last year's cruises or races bring them. The rest of the evening will be taken up with the dance.

Tickets can be purchased at the door but you can expect a phone call in the next week or so about attendance.

Here are the vital statistics again:

Date: Saturday April 23rd, 1983.

Place: RCAF Assoc., Norman Rogers Airport.

Time: 7.30 to 1.00

Price: \$5.00 per person.

HOSPITALITY

We will be offering reciprocal agreements to various yacht clubs around the lake this summer and hope to receive invitations for our members.

To help visitors feel welcome we would like to set up a hospitality family list. Please call me if you would be willing to post your name and phone number in the clubhouse to be on call for one week this summer.

ANCHOR'S AWAY !!!

Captain Bill Worthy, "What would you do if a storm sprang up on the starboard?"

Cabin Boy Phil Rini, "Throw out an anchor, sir."

Captain Bill Worthy, "What would you do if another storm sprang up aft?"

Cabin Boy Phil Rini, "Throw out another anchor, sir."

Captain Bill Worthy, "And, if another terrific storm sprang up forward?"

Cabin Boy Phil Rini, "Throw out another anchor, sir."

"Hold on," said Captain Bill, "Where are you getting all your anchors from?" Cabin Boy Phil Rini, "From the same place you are getting your storms, sir."

Phil Rini

What makes a yacht club? A good bar, big boats, fancy building and a good dining room. How does our club rate having none of the afore mentioned amenities of a yacht club? It rates very high because we have good people who are interested in making the club succeed. It is much more important to have good people in a yacht club, than good boats.

For those of us, who are not continually preoccupied with boating in the pure form, who have from time to time taken on the fish, in the interest of relaxation etc; good news!

Fishing has always been popular in the Collins Bay area. Anglers have been able to test their skills in the relatively protected water of Collins Bay, away from the heavy swells that can develop on Lake Ontario. Easy access to the bay is provided by the government dock/launching ramp on the north side of the bay as well as the launching facilities available at Collins Bay, Phillips and Woods marinas.

With the recent stocking of Brown Trout in the north channel area, fishing will be even more interesting and important in the next few years. Both Phillips marine and Woods marina, have expanded their services to include a full range of fishing tackle.

Don't be surprised if you don't see the development of an Amherst Island Sail/Fish Race. The rules in addition to speed in rounding the island, will include prizes for the largest trout caught by a crew member during the race!
