## MESSAGE FROM THE COMMODORE

Welcome to the 1995 CBYC boating season! At this point, memories of past seasons begin to be overshadowed by the prospect of new ventures and adventures anticipated for '95s sun, breeze and water. Power boaters and sail cruisers dream of distant harbours in which to meet and greet, and racers develop strategies to out manoeuvre that hard to catch BLACK KNIGHT. The CBYC executive welcomes new and returning members and in conjunction with sub committees and the Collins Bay Marina, encourages all to take advantage of the excellent menu of program activities slated for the coming season. On behalf of the executive, I also wish to encourage your input and, if possible, direct involvement in the planning and operations of the CBYC. You are welcome to contact any of the executive members with suggestions for change, to encourage our current programs, to verbalize your dreams for future club activities or to vent your frustrations. I wish you all a safe and enjoyable boating season!

*Gene Black*

Racing

ARMADA INVADES CBYC

If you've been driving, cycling, or walking by Collins Bay lately, your eyes haven't been playing tricks on you, those are really sailboats. Radio Controlled Model Sailboats. I know it's hard to believe but Henry, Bruce, Steve, and Ian, are leading this growing trend in sailboat racing. They can be built in your basement in short order and sailed anywhere. Racing the miniature Solings is just like the real thing. In fact, some argue, it's more fun. You don't need crew, sails are a lot cheaper, no mooring fees (sorry Hub), you don't get wet, it's easy to learn, and the whole family can do it. There's lot of racing too.

Blame Bruce Rand, as he started it all. Actually Phil from J & J Cycle did and, like sheep, about 12 people in the club followed. Speaking as a follower I'm glad I did as it has been a blast. We hope more of you will join us.

The Soling/One Meter (It's one meter long) is a very popular class with many fleets around Lake Ontario. So popular, in fact, we at CBYC and the Marina will be hosting the National Soling championships on August 26th & 27th as part of C.O.R.K.

Come out and give it a try .....Sunday mornings after 11:00 and Wednesdays after 4 P.M. See you there.

### INTER CLUB RELATIONS - RECIPROCAL AGREEMENTS

The CBYC in cooperation with the Collins Bay Marina, has reciprocal agreements with many Lake Ontario clubs. You will find a list of these participating clubs on the back page of this issue of the *COLLINS MIXER* with limited accompanying information. More in depth information, as indicated by the asterisk, can be found in the Reciprocal Agreements photo album located in the club house, 'MARIA'.

Included as well, will be a list of all clubs who were asked to participate. If you know of a club of interest that is not listed, or if you have constructive comments or suggestions, please contact me. Upon your return from a participating club or from a club that wishes to participate, please share your experiences with other club members through me.

I will take this opportunity to again request those members who are away from their assigned dock space over night or longer, to **advise the Collins Bay marina staff** upon departure so that they may utilize your space for reciprocal purposes. I also remind returning members and inform new members that the requirement to advise the marina of over night and longer absences is part of our agreement with the Collins Bay marina that allows the CBYC to participate with other clubs in reciprocal agreements. Your anticipated cooperation is greatly appreciated.

### Cruise Notes

We now have a cruising program laid out and hope to see many of you joining us. The dates are firm, the destinations and leaders may be changed due to the vagaries of fate.

DATE	CRUISE	LEADER	REMARKS
May 20-22	O.J. & Bubbly	Bill Worthy	Marina patrons invited.
Jul 1-3	Canada Day	Bruce Fairbairn	See Note #1
Aug 5-7	Civic Holiday	Carmen Knapp	Thousand Islands
Sept 2-4	Labour Day	Norm Cohrs Doug Wagner	Destination T.B.A.
Sept 23-24	Fish & Chips	Bill Learmonth Serge Calmette	Confederation Basin
Note # 1	This week-end also marks the start of a 'Round Lake Ontario Cruise' by a number of boats (Including Pyewacket) so the destination will be the first leg of that trip.		
Note # 2	Lack of interest, amongst other things, has eliminated the 'Theatre Cruise'. (unless some one elects to resurrect it.)		
Note # 3	The 'Side of Beef'cruise is in abeyance until 'Poplar Dell' indicates whether they can host us again this year,

## A Word About I-68's

An I-68 is a permit issued upon application to non U.S. residents that permit the holder to travel inside the U.S. within 25 miles of the border without having to report to U.S. Immigration. (Not Customs) U.S. Immigration at the Thousand Isles Bridge brought the following points to my attention.

- Everyone on board your vessel requires an I-68 except children under 18. They can be named on either parents I-68.
- I-68's have to be applied for in person if you were not a holder from last year.
- You are still required to report to U.S. Customs upon entry, using a Toll Free number.

Those members who do not have an I-68 are encouraged to apply for one before the season gets under way, without it you must report to both Immigration and Customs on each visit. Each individual has to apply in person.

## Sail Training

We've been busy getting ready for the coming season, and should be up and running before the students arrive. Peter Burbidge has volunteered to help out but we are counting on more members to give a hand as the need arises.

Cathy Ross set a pretty high standard for the school, and her advice along with Ians will be sought on a regular basis.

If you have some spare time, or if you have equipment or video tapes with sail training themes, please give me a call.
