## COMMODORE'S NOTES

Greetings everyone! The winter of '96 has drifted into memory as one of the longest and coldest on recent record. Maybe it just seemed like it because the summer season that we look forward to was months away. Well spring and summer are just around the corner as is the '96 sailing season and what I hope will be a good year for CBYC.

This year, as in the past, CBYC will do its best to encourage members to participate in club activities. If racing is your preference, join us for the fun of club racing on Thursday nights. The competition is keen and the participation of more boats and their crews only heightens the competitive spirit. Who knows? Some of those rusty skills we have might be sharpened up a bit to say nothing about the confidence the less experienced could gain on the race course (myself included)

The cruising aspect of CBYC has always been strong and everyone is encouraged to join in. Maybe a race and a cruise could be combined to get everyone involved. The Cruise Committee has a full agenda lined up and I hope CBYC's long standing members will encourage new members to participate.

You can look forward to the social evenings at the Clubhouse again this year. Our Potluck Suppers and Barbecues have enjoyed a good turnout in the past and these evenings have done a lot to foster camaraderie within our club.

CBYC has earned recognition with other clubs around the lake and we enjoy reciprocal privileges with many of them. I hope each of you will extend a hospitable hand to any visitors and help to make their stay here a pleasant and memorable one. In turn when you visit other clubs remember to show your membership card and fly the Club burgee.

The Sail Training School is again looking forward to a full and busy season and is always happy to have some volunteer help. Every little bit cuts the workload of the committee.

The club has an extremely enjoyable working relationship with Hub and Michelle (COLLINS BAY MARINA) and their staff, so let's, as individual members do our part to enhance this co-operative atmosphere. Also remember your executive is always looking for ways to improve the programs and appreciates any ideas and suggestions you may have.

*Carmen Knapp*

## EDITORS ITEMS

- ❖ Don't forget the meeting at **Kingston Yacht Club** on Monday, **May the 6th**, with our guest speaker from **Canadian Yachting Association** who will elaborate on the status of the government program to **license / regulate** recreational boating. He will also be answering questions with regard to benefits to belonging to CYA.
- ❖ Make sure you notify the Marina staff when you leave for overnights elsewhere. This is the only way members from reciprocal clubs can obtain a free dock for the night when checking in. You never know when you in turn will be visiting their club.
- ❖ Many of the club committees could use more members. If everyone in the club volunteered for one committee there would be a much lighter load for all. Think about it!

## MORE NOTES FROM THE COMMODORE

During the last few weeks of winter a number of boats at Collins Bay were broken into, resulting in vandalism and minor theft. I think we experience a sense of frustration from knowing that someone has violated our privacy and that there was little that we could do about it. These isolated acts of criminal activity are almost impossible to prevent without using extremely expensive methods.

What I suggest is that as a club, we should get to know the other people on our dock. Let's introduce ourselves to new neighbours and get to know who belongs and who doesn't. Let's work with the Marina Staff and report any suspicious persons or activities to Hub and Michele who will then take appropriate action.

If this method sounds vaguely familiar, it should! It is a variation of the successful "Neighbourhood Watch" program where everyone provides a little security to his/her area. In our setting, we call it the Marina Watch program.

It won't take long for word to get around among would-be thieves, that Collins Bay Marina is not the place to ply their unsavoury trade.

## RACING - CBYC - 1996

We had a great year of racing last year and hope this year will be even better. A detailed set of CBYC Racing Instructions will be ready for the start of the season, but here are a few of the highlights.

In response to requests for a number of members, we will have a mixture of longer and shorter races. The short races will be as last year, the longer races will use two permanent marks out beyond the Brother Islands. Henk Muis has kindly agreed to construct these marks. Courses will be Windward - Leeward, and we will again have two classes based on PHRF handicaps. Every one will start together but the higher handicap boats will sail a shorter course. This will enable us to get in more than one race on a Thursday evening when the weather co-operates. This system worked well last year.

We have had no protests for the past three years, and we hope this continues. To encourage skippers who may be in the wrong to accept a penalty rather than go through the hassle of a protest hearing and risk a disqualification, we will have an in-club rule that all penalties will be a 360 turn rather than a 720. This rule modification applies only to the Thursday night series and not to the Long Distance Races.

A number of sailors have indicated interest in a combined Cruise / Race event. Maxine Cohrs and myself have had some preliminary discussions on this. One idea is a cruise and overnight to Confederation Basin / Cedar Island Area and a race back to Collins Bay Marina using split starts (ie with the handicap being applied at the beginning of the race so that the first boat back wins. More on this idea later.

Entrance fees for racing are unchanged at \$10 per boat per series, and \$10 for each long distance race. All yachts entered in CBYC sponsored races must be insured for personal liability and property damage.

1996 is centennial year for Kingston Yacht Club. Almost all of their weekend races will be open, and I have been told that we at CBYC will be specially welcome to participate.

Your race committee members are **Henk Muis, Bill Learmonth, Bruce Rand, Ben Rotteveel, Ian Whitfield as handicapper, and myself as Chairman.** We welcome suggestions or comments from any club members. See you on the water

*Tonu Johnson*

## Cruising

The following dates are our traditional weekends when members sail off together to some predetermined destination, raft up for fun, food, and fellowship, then come home to our home harbour fulfilled.

Please note that on the Friday evening prior to each cruise there will be a meeting at the clubhouse to evaluate wind and weather before confirming the Saturday destination. We normally try to leave the harbour as a fleet.

**Cruise1. O.J. and Bubby:-** Victoria Day weekend. **May 18,19,20** usually goes to Cedar Island. Highlight is the Sunday Breakfast. co-ordinated this year by **Bruce Fairbairn...389-0277**

**Cruise2. Canada Day / Dominion Day:-** **Jun. 29,30,Jul 1** Plans for Prinyers Cove on Sat. Parrot Bay on Sunday, with an onshore BBQ at Krugers. BYO everything. Home Monday. Check with **Paul & Desiree @ 389-3716**

**Cruise3. Civic Holiday:-** Civic Holiday. **Aug. 3,4,5.** Various options still being discussed. Co-Ordinator not assigned yet. ....Volunteers?

**Cruise4. Labour Day Holiday:-** **Aug. 31, Sep 1,2.** Sail to Hay Bay with a rendezvous near Bill Stevensons Cottage. (Near Blakewood Lodge) More details in Mixer later.

**Cruise5. Fish & Chips Cruise:-** **Sep 21,22** Sail to Confederation Basin, have a happy hour on designated boats, and this year we plan a new venue for the eating out. We seem to have outgrown the Pilot House and will try a spot where we can all sit together. Merv & Marion Cameron (Sueno) are going to pre-test several "Pub Like" places and the Mixer will Publish their findings. This is also suggested as one of the cruise / race options we are looking into in co-operation with the Race Committee.

Plan to join your friends and fellow members on one or all of these cruises. There is even a trophy for best attendance!

*Maxine Cohrs* Cruise Chair

## WISH TO CHARTER

Linn and Rosaire Rheame, past members of CBYC for 6 years, have sold their Nonsuch "Apres Ski" and are looking for a well - equipped sailboat to charter for occasional use (mostly on week days) in the Kingston area this summer.

Interested owners are invited to contact Rosaire to discuss private arrangements. Excellent references are available.

**Rosaire Rheame - 37 Joseph Paiement - Dollard des Ormeaux P.Q. H9A 1H7**

## Sail Training

Spring is late, but better late than ..... you know what I mean. Besides Almitra, I have lots of chores to do getting ready for the summer training season. If you have some time to spare we could use you on the committee or even as an occasional hand. We have a new boat and motor which will reduce the workload to some degree.

I attended a CYA symposium in December and came away overwhelmed with the enormity of the task ahead. Fortunately there are several predecessors in the job around for advice and assistance.

Training will take place in July and August and rates for CBYC members this year will be \$275 for the two week course. Non members will pay \$290. If you want a specific time placement it would be wise to book early.

See you on the water ..... *Norm Cohrs*
